

Writebest Writing Surface

Our Writebest writing board comes with few choices of surface to suit your needs

P³ (P³ Ceramic Steel)

P³ ceramic steel by Writebest represents a revolution in ceramic steel technology and Writebest's highest quality writing surface

The surface offers all the benefits of traditional ceramic steel:

- ~ Scratch resistant
 - ~ Chemical resistant
 - ~ Bacteria resistant
 - ~ Graffiti resistant
 - ~ Stain resistant
 - ~ Fire resistant
- Added benefits of the surface:
- Smooth writing
 - Improved Erasing
 - Superior-Visibility
 - Warranty
 - Greater marker adherence
 - Less marker drag
 - Eliminates residual writing
 - Simplified maintenance
 - Optically flat surface
 - Increased colour comfort
 - Optimum eye comfort
 - Reduced surface light distortion
 - P³ ceramic steel surface come with **25 years warranty** under normal usage

HPL (High Pressure Laminate)

- ~ Plywood core
- ~ Magnetic or non magnetic
- ~ Write on/wipe off convenience

PPGI (Pre-Painted Galvanize Steel)

- ~ Stronger magnetic surface
- ~ Simplifies write on/wipe off convenience

C12-34

[illegible]

CIP-23

[illegible]

CML-34

Technical drawing of a rectangular plate. The overall dimensions are 1600mm in width and 95mm in height. The plate features a series of horizontal slots, each 25mm wide and 4mm deep. The distance between the centers of adjacent slots is 95mm. The plate is shown with a 20mm scale bar at the bottom.

CML-46

Technical drawing of a window frame showing dimensions and glazing details. The drawing includes a vertical section on the left and a horizontal section at the bottom.

Vertical Section Dimensions (Left):

- Top edge: 108mm
- Glazing unit height: 25mm x 4
- Spacer height: 120mm
- Glazing unit height: 25mm x 4
- Spacer height: 120mm
- Glazing unit height: 25mm x 4
- Spacer height: 120mm
- Glazing unit height: 25mm x 4
- Spacer height: 120mm
- Glazing unit height: 25mm x 4
- Bottom edge: 108mm

Horizontal Section Dimensions (Bottom):

- Left edge: 20mm
- Frame width: 1200mm
- Glazing unit width: 600mm

CML-48

Technical drawing of a sheet of music paper. The paper is 1600mm wide and 108mm high. It features three systems of five staves each. The dimensions are indicated as follows:

- 108mm (height of the paper)
- 25mm x 4 (height of the first system)
- 120mm (height of the first system)
- 25mm x 4 (height of the second system)
- 120mm (height of the second system)
- 25mm x 4 (height of the third system)
- 120mm (height of the third system)
- 108mm (height of the paper)

The total width is 1600mm. A dashed line indicates a 1600mm scale bar.

Easy Digital Conference System

EDC 1011 Chairman Unit

This stylish and ergonomically-designed chairman unit enable the user to function as chairman of a conference system.

Chairman units have a priority button which allows any chairman to temporarily or permanently overrule and mute all active delegate microphones, and so control the discussion.

Features

- Priority button for chairman speech
- Temporary or permanent muting of delegate microphones
- Optional Chime tone facility for chairman giving announcements
- Compact, stylish, modern design
- Microphone with light ring indicator which illuminate when the microphone is on
- Microphone on/off button
- Built-in loud speaker and rotary volume control for headphone

EDC 1011/EDC 1012 Microphone Specifications

- Type : Heart type capacitance
- Frequency Response : 100 Hz ~ 16 KHz
- Sensitivity : -23 dBv/PaMax.
- Sound Voltage : 126 dB (3% THD)
- S/N Ratio : >20 dB (1 KHz)
- Dimensions : 66 mm (2.5 inch)
- Frequency Response : 120 Hz - 16 KHz
- Rated Input : 0.5 W RMS
- Voltage : DC12 ~ 18V
- Connections : DIN8 - DIN8 (Y Type)
- Earphone/REC plug : 3.5 O, stereo
- Base Dimensions : 140 x 48 x 150mm (WxHxD)
- Mounting : Table-top
- Microphone Length : 48 cm (length)
- Net Weight : 0.82 kg (Including Mic)

EDC 1012 Delegate Unit

This stylish and ergonomically-designed delegate unit includes microphone with a red indicator ring which illuminates when the microphone is on.

To prevent acoustic feedback, the built-in loud speaker is muted when the microphone is on.

Features

- Compact, stylish, modern design
- Microphone with light ring indicator which illuminate when the microphone is on
- Microphone on/off button
- Built-in loud speaker and rotary volume control for headphone

128 Delegate
10 Chairman

EDC 1000 Series

The latest and easiest digital conference system with superb performance and elegant design, can be used for various conferencing.

EDC1050 Main Control Unit

The Main Control Unit is the center of discussion system and incorporates a digital acoustic feedback suppression facility, which allows any acoustic feedback to be automatically eliminated.

Products Features

- Digital Control Capability:
Chairman Unit - 10pcs
Delegate Unit - 128pcs
- The setting of the ID of the conference unit adopt 7-bit dip switch
- It has one LCD display and 3 setting buttons which can be used to set and change the working mode of the microphone
- Built in front sound mixer amplifier module
- Built in power amplifier module
- Digital Acoustic Feedback Suppression
- Conference control without operator
- Interfaces the system with external audio equipment

Technical Data

- Frequency Response : 100HZ ~ 16 KHz
- LINE IN : -4dB~-+ 6dB 10K (balanced)
- LINE OUT : 4dB~-+12dB 200 (balanced)
- Sensitivity : -60dB
- Total Harmonic distortion : $\pm 0.5\%$
- S/N : 90dB
- Conference Mic. Connection : D type express port x 3 sets Mixer Connection
- Mic Input : 4 sets 600 / 6mV/-22dB
- Line Input : 4 sets 20K / 300mV/ - 10dB
- Power Amplifier : 40W (8)x2
- Power : AC110/ 220,50/ 60Hz, Power LED light

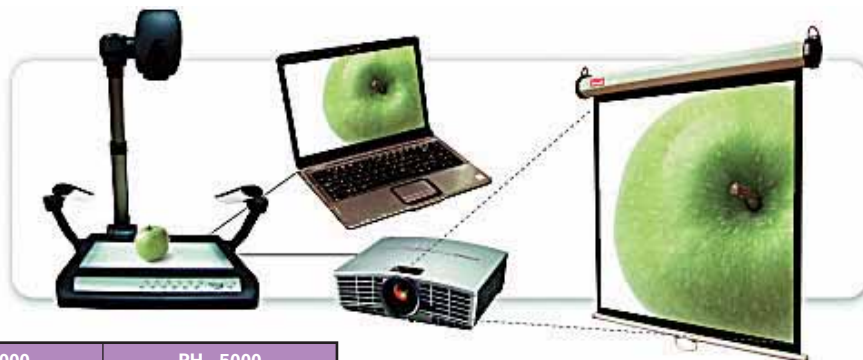

Physical Data

- Dimension : 100 (mm) x 430 (mm) x 230 (mm)
- Weight : 10 (kg)
- Accessory : 19" brackets are included
- Surface : Black, against rusty paint

Combine an overhead projector with a video camera, mix in the capabilities of a scanner, enlarger, whiteboard and computer, and you have a digital visual presenter! Instead of relying on mirrors and light tables to project images, digital visual presenter use high resolution video cameras to record 2D and 3D objects, whose images can be fed directly into computer screens and television sets or displayed through a LCD Projector.

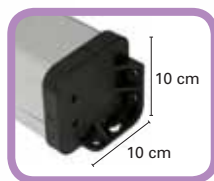

The Digital Visual Presenter is a full-featured real time visual presenter with an overhead digital camera, automatic feature and a built-in lighting system. The unit will interface with almost any video projector or display monitor for high quality detailed images, text books, printed documents, flat art, photographs, slides, negative films, scientific specimens, as well as 3D objects.

Trust tarifold reliability.

Our classically designed, all-metal products are durable, easy to use and expandable. Plastic coated (PVC) steel-wire frames with attached steel pivots allow easy removal and reinsertion of pockets. The top-loading design provides maximum sealing area for added durability.

Tarifold technic products are a small investment compared to the value they deliver. They work tirelessly for years and years!

Pivoting Pockets

- Strengthened by steel wire frame
- Transparency of PVC
- Solid state pivots
- Coloured frame
- Index tabs can be attached anywhere on frame

Features:

- With or without pivots
- Vertical or landscape presentation
- Top or side opening
- Double pocket

Sizes:

Optimize your desk space.

The best thing about the new tarifold office range is the way it looks! Decidedly modern, the new design features rounded shapes and sleeker frames for the pockets.

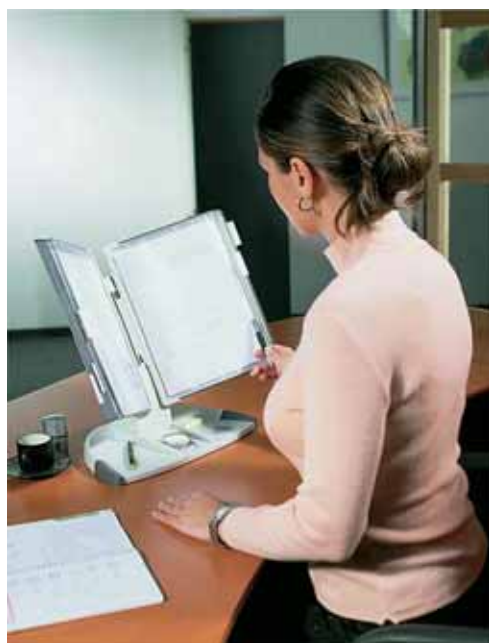

Stylish, ergonomic and modular, you'll find tarifold office products are as simple to use as they are to set up – and you won't need any tools!

And last, but by no means least, advantage is that they make the best use of your desk space! Thanks to the forward positioning of the feet, there is room for your pens, mobile phone, sticky notes or even a t-aromatic capsule.

Great design, functional and space-saving: the winning formula for well-being at the office.
